Disability Site Accessibility Plan

Site Accessibility Plan	Action	How will the impact of the action be monitored?	Who is responsible for implementing?	Early success indicators
	Consideration of the needs of disabled students and staff in annual review of Asset Management Plan and all new projects		Site Manager	Double Doors installed in B-Block canteen
	Widening access to B block Canteen	Review periodically with staff based in B block staffroom for hot spots or any issues arising in the area	Site Manager	
	Refurbishment of stairs area to brighten/improve use		Site Manager	New lighting installed in stairs
	Student wheelchair 'site review'	Site continues to be accessible to wheelchairs at ground level - consideration in all site developments	Site Manager and SENco	Student panel reported no significant issues to site review
	Provision of acoustic panels to improve very noisy 'Picnic Area' for benefit of autistic students	Students quieter in area in response to better acoustics	Site Manager	Level of sound deadened-reasonable conversations heard
